You and Me

Friday night, we had a row  
and I left you alone  
but I went back because I know  
So sad I can't go home

I hate it when you look so blue  
I hate it when you cry  
But I feel that I'm losing you  
You spread your wings and fly

Once I lost my heart  
Now I'm losing you  
relations fell apart  
like a shabby shoe

Today night it's saturday  
am I'm alone again  
Short while ago I couldn't stay  
attacted by bogeyman

I hate it when you humble me  
I hate it when you're high  
But I feel that I'm losing you  
and that fact makes me cry

Once I lost my heart  
Now I'm losing you  
relations fell apart  
like a shabby shoe

You've touched my soul with fingers

and our love was strong  
but only echo lingers  
an now it seems so wrong

I love it how you've smiled at me  
I love it how you've kissed  
but now we both are setted free  
and all these things i`ll miss
