

Moon – Shattered Sun

Von Wheel_of_Fortune

Irgendwie kann ich meinen guten Vorsatz doch nicht halten öfters was hochzuladen...

Ich mag das Gedicht nicht besonders.

hust

(Dieses grottige Englisch! *sich die Haare rauft*)

Nun, ich habe in erster Linie versucht Chikanes Gefühle Himeko gegenüber auszudrücken, sowohl nachdem sie sie "vergewaltigt" hat, als auch schon vorher.

Es ist also relativ durcheinander und verworren, was der zweite Grund ist warum ich es nicht zu meinen besten "Werken" zähle...

Kommis, egal ob Lob oder Kritik, sind wie immer erwünscht.

Moon – Shattered Sun

The bound between us is broken.
But some words are still unspoken.

Do you care for me like I care for you?
I think it isn't so.

You both are such a perfect match.
Like me and the scars I scratch.

Scratch deep into my skin.
Waiting for the end to begin.

Begin to destroy myself.
I loved you like no one else.

Naive girl, do you really think everything's fine?
The truth is you're close to cross the borderline.

I know you won't be able to role the dice.
So the darkness inside of me will slowly rise.

My sister, my friend, my dear, my love.
For me one half is not enough.

Nailed to slash, to hurt, to break.
That is truly my fate.

The dark moon stands above.
It means the death for the one I love.

At the final of our fight
Everything will be right.

I am with you and you are with me.
This is how it was meant to be.

I'll die in your arms...
Shattered by the garish light of your charms.

Is this the end, my love?

...

Yes, truly it is...
Share with me a last kiss...
Before you'll be at the little cove.

But this time alone...
