

Gedichte an meinen Verflossenen

I, He, She

I, You, She

I want to fly away from here.
Away in the sky.
I want to say hello to the angels.
I want to look down on the earth.
I want to see you.
I'll crie

You put your arm around her shoulders
One of my tears fall at your face.
She kiss it away.
You look up in the air.
I see your blue, blue eyes.
You smile.

She come closer to you.
She lick over your lips.
She lay down in the grass.
You put your hands on her knees.
You kiss her neck.
She laugh.

I jump.
I fly.
I see the ground.
I fall.
I die.
I hoped.
