Kapitel 22: It's Valentines Day and of course you're all alone because you don't have a boyfriend (Daesung)

Daesung:

Valentines Day. You knew you would always remember this day in a bad way because of your mean ex boyfriend. The two of you were in a relationship for nearly a year, but just yesterday, he broke up with you. How could a guy do something like that? Special, for this day, you bought couple T-Shirts for the both of you. But because there was no use for them anymore you went back to the shop to give them back. On your way to the shop, you passed by a baskin robbins and decided to have some ice cream. At least ice cream could make you lucky and wouldn't hurt you. You bought your favorite flavors and walked out with a corn with two big scoops on it. Happily eating your ice cream, you continued your way to the shop where you got the T-Shirts from. But because you were too much concentrated on eating your ice cream, you bumped into someone. "I'm sorry" You immediately apologized and thought it's all done with it, until you saw his T-Shirt. The most of your ice cream landed on his Shirt and you were scarred of his reaction. "Ahh. I'm so sorry. I'm really sorry." Luckily the guy didn't really seem angry and calmed you down. "It's ok. Do you have some tissues so I can get rid of the ice cream?" You looked in your bag, but didn't found any tissues. Because it was your fault, you really felt bad about this situation and handed one of your T-Shirts to the guy, which was supposed for your Ex-BF. "Please use this." The guy thanked you and changed his T-Shirt in one of the side streets. After he changed, he came back to you and looked into the bag, you took the T-Shirt out from. "What's the other one?" He asked you nosy. "Uhm well. This were supposed to be couple Shirts." He immediately get shocked because he thought he was the wrong one wearing it. "I can't accept it. It's for your Boyfriend." "It's ok. We broke up yesterday." You told him, even he was a stranger for you. All of a sudden his face changed sorrowful. He grabbed your bag and took out the T-Shirt that was left inside. You got shocked when he took of your jacket by force. What was he going to do? But the next moment you looked at him in surprise when he pulled over the couple T over your other clothes. "It would be a waste if the wouldn't be used." He smiled at you. You looked down at you and back to him. You both were wearing the couple Shirts. "Well. Because you ruined my shirt you have to pay me for it." He glared at you. Without asking you, he took your hand and dragged you with him. The first stop was a gaming center, where he, after about ten tries, won a stuffed toy for you. After this you two went to a street where they sold street food. You shared some dukbokki and odeng together and eat it

happily. In the end you even went to watch a movie together. When you two went out of the cinema, it was already night. He looked at his watch with a sad face. "It's already late. I'm sorry I have to go." He was about to give you back the Shirt but you stopped him. "Please keep it." He nodded at you smiling. "Ok. Then I'm leaving. Maybe we will see each other again." He walked away and you couldn't help yourself but had to smile. This guy really made your day and you knew you would remember this day forever as a nice memory. But wait. There was something you forgot. "Wait." You shouted after him and he turned around. "You didn't tell me your name." He smiled at you again and waved. "I'm Daesung. Kang Daesung."
