

Ice Ice Baby

Von abgemeldet

It was a normal day in the house of the Noharas: Shin was looking TV like every Day, his mother was standing in the kitchen and was washing the dishes and his little sister was trying to get some beer, but she wasn't very successful, because every time she stood up to open the fridge she lost her balance and her butt hit the floor.

"Shin-Chan!", said his mother. "Are you going to watch TV the whole day?"

"And are you going to annoy me the whole day?"

The very fresh answer of her son made Mitsy very angry, but after a few seconds she already had a plan how to react to the behaviour of her son.

"If you like sitting in front of the goggle-box, okay, fine, do it! But you will miss something special!"

Shin pricked up.

"Err... What?"

Mitsy was smiling.

"Well, I'm talking about this box of ice-cream which I bought yesterday!"

Shin jumped to his feet.

"Boah! Cool! Have you bought my favourite one? Chocolate?"

"Yeah!"

Mitsy knew that he swallowed the bait and that she would have a walkover now.

Shin run into the kitchen and asked for something of his favourite meal.

"You will get something, when you have washed your hands!"

"What!", Shin seemed shocked. "That's unfair. That's blackmail! Furthermore I have washed my hands just two days ago!"

"Stop complaining, Shin!" Mitsy remained adamant. "Do what I have told you and you will get what you want!"

Shin blew air into his cheeks. "Old hag!"

"I've heard that!", shouted his mother.

During Shin-Chan was washing his hands, Mitsy took the ice-cream out of the fridge and put a big portion on a plate.

"Do you want some custard over your ice-cream?"

"Oh yeah, Mum!", he replied from the bathroom.

Mitsy walked over the fridge and was looking for the custard, but suddenly something was distracting her.

On the TV which Shin forgot to turn off was a commercial about the summer sale.

Mitsy's eyes were caught by the goggle-box and she was inattentive.

So, Instead of taking the custard she took the curry sauce and poured it all over the ice-cream, without noticing that she was taking the wrong sauce.

Shin-Chan returned and started to eat his ice-cream happily.

But already after the first spoonful he almost had to puke.

"What's up, Shin?"

"That tastes awful! Are you trying to kill me?"

"Don't be ungrateful!", reproved his mother. "Are you never satisfied? Now be good kid and eat your ice-cream!"

Shin looked at his mother very seriously.

"You are trying to kill me!"

Mitsy became more and more angry and this last fresh reply irritated her specially.

"That's enough! Either you eat your meal or this will be your last meal!"

Unwilling, but intimidated, Shin-Chan began to eat the ice-cream with the curry sauce. After shin had finally eaten his meal, his mother looked very confidently at him and said:

"Was is that bad, Shin?"

Shin would like to answer with a fresh reply, but the bad feeling inside his stomach prevented it.

"I really want to know what kind of problems you have? This was just ordinary ice-cream with custard."

Mitsy took the bottle with the yellow sauce inside to show her son that it was just custard.

But when she read the label of the bottle she realised what kind of terrible mistake she had made.

"Curry sauce? Oh my god! Shin!"

Extremely shocked she looked at her son who seemed ready to puke.

"Oh No! Don't do that!", she shouted, but it was too late. Shin vomited all over the table.

So you see it was just an ordinary day in the house of the Noharas.
